JAIL VISITING POLICY Section 40

General Procedures

The Jail Commander or his designee will be responsible for the operation of the visiting program. It is the policy of the facility to allow inmates the privilege of visits with family, friends, and their attorneys under conditions that are consistent with the security of the facility.

For the purposes of this program, immediate family is defined as: *mother, father, brother, sister, wife, children and grandparents.* Step-parents and half-siblings may be included if they spent a substantial portion of the inmate's formative years with him.

Persons under the age of 18 may only visit in the company of their parent or legal guardian.

Tobacco in any form is prohibited within the facility.

Pets or livestock are not allowed on facility property and will not be left in vehicles when visiting (except Certified Service Animals). Any questions regarding the clearance of Certified Service Animals will be referred to the Jail Commander.

Approval of Visitors

The Jail Commander or Sheriff may exclude a person from the approved visitors list if he/she has reason to believe a person may have a potentially detrimental effect on the inmate or may constitute a threat to the security of the facility.

All visitors must be pre-approved for contact visits.

To be approved for visiting, **a prospective visitor must complete the questionnaire completely and accurately.** Separate questionnaires must be submitted by everyone over the age of 18. Children under the age of 18 are to be included on the same questionnaire as their parent and all the questions must be answered for all persons on the questionnaire. All visitors are subject to a criminal background check. Minors, under the age of fourteen (14) must have their guardian's signature authorizing a check to be made.

If a visitor is on one inmate's visiting list, he/she cannot be on another inmate's list unless he/she is a member of the immediate family of both inmates.

Persons on active probation or parole are considered a security risk will not be approved to visit.

Persons currently awaiting trial, out on bond or diversion are considered a security risk will not be approved to visit.

Person with prior felony convictions must have fulfilled all the obligations of their sentence to be considered to have their rights restored. It will be the responsibility of the person requesting to visit to provide the proper documentation of their restored rights. A person with prior criminal convictions may be denied if the nature of the offence is determined to present a current

security risk. Approval of persons with a past felony conviction must have prior approval from the Jail Commander or Sheriff.

The Jail Commander or Sheriff may approve special visits.

Special visits will be limited to unusual circumstances. For example; families traveling from other states who visit infrequently may be approved for extra visits.
